

## What AM I?

- I'm black and white and read all over.
- You won't find me on a shelf unless you put me there yourself.
- I have no spine yet I keep my form just fine.
- I'm lighter than a feather but much bigger than a letter.
- You'll find it quite grand that I can be carried in your pocket or held in your hand.
- Oh, and one last remark: You can read me for hours—even in the dark. What am I?

ANSWER: An eBook

ANSWER: An eBook

## Read Anywhere, Anytime you want!

The library now has electronic books (eBooks). These books can be checked out and read from a PC or handheld device.

### What do I need?

You'll only need the following:

1. A valid library card
2. A PC or handheld device
3. An Internet connection
4. Mobipocket Reader installed on your computer or device. (This free software allows you to read the eBook you borrow.)

**Please Note:** An Internet connection is no longer necessary once the eBook has been downloaded.

### Getting Started

1. Go to
2. Click on the eBranch link.
3. Follow the directions listed under "eBook Library Basics" .

Please feel free to call or visit the library if you have any questions or need further assistance.
